

Senior WordPress Developer (m/f/d)

full remote possible

COMA VALENCIA S.L. – DIGITAL MARKETING

We are looking for a **Senior WordPress Developer for our office in Valencia**, who has extensive experience in web development with WordPress. As soon as possible, we want your support in a permanent position for our office in Valencia, Spain. Remote work is also a possibility.

WHOM WE'RE LOOKING FOR

- You are a seasoned WordPress Developer with at least 5 years of professional experience.
- You write clean, performant and sustainable code.
- You always have a good answer to the following question: Page Builder, Gutenberg Editor, Custom Fields or even Headless?
- You bring the following skills with you:
 - Experience in implementing complex WordPress systems.
 - Good knowledge in the development of WordPress Plugins.
 - Solid expertise in CSS3, HTML5 and PHP.
 - Experience with build automation and deployment.
- You take responsibility for your work.
- You like to deal with new technologies.
- You have good English skills.
- You have the ability to effectively meet tight deadlines, have a good working style both independently and as part of a team.
- You have passion for learning and always improving yourself and the team around you.
- You enjoy working on web projects.

OUR OFFER

- A dynamic agency environment with versatile, well-known clients and exciting projects.
- You will work in an interdisciplinary and international team (daily cooperation with our German headquarter in Munich)
- Familiar working atmosphere with motivated and friendly colleagues.
- Attractive conditions and diverse career development opportunities await you.
- We offer you flexible working hours in a flat hierarchy and short decision-making paths.
- Remote working is possible.

We implement web-based applications. Whether websites or individual applications, we have the right web technology in our portfolio. Always together with high-quality design and goal-oriented user experience. We are owner-managed and located in the city center of Valencia since 2016 in addition to our main location in Munich, which was founded in 2000.

Sounds interesting?
